

STRUCTURAL ENGINEERS ASSOCIATION OF SAN DIEGO

Small Project Referral List

The engineering companies and individuals listed below will accept smaller size structural projects such as residential custom homes, small structural additions, retaining walls, etc. Please contact any of these companies to discuss their availability for your specific project.

These engineers are being listed at their request, and are being placed on this website by SEAOSD as a service to the community. SEAOSD does not endorse these companies / engineers. Any use of this referral list is at the user's own risk. It is advised that the users of this list also check out the consumer's guides provided by the California Board for registration/licensing of engineers and architects.
